

PEGGY'S BLUE SKYLIGHT

**It's in love we know
It's in pain we grow to feel
Life's sad refrain
Continues to remain
Inside
Keeps us from our soul
And what can make us whole
It's as if we cannot have love come to us again**

**But when we know the truth,
There is no excuse for fear,
That inner voice helps us make our choice
If we hear
Listen to your heart
Whispering your part
It guides you to that higher spirit above**

**It's in love we know
It's in life we grow to see
Love's joyful song will belong to us again
Showing us our soul
And how it makes us whole
It's as if we always have love
inside us
To give.**
